

## MASEA Monitor - January 2020

### Looking ahead at 2020

Between recognizing our best during the Student Employee of the Year process, celebrating all our students during National Student Employment

Week and then joining to together in learning and fun during our conference in June, it's going to be a great one.

### **Changes to Student Employee and Student Employee Supervisor of the Year Program**

The 2020 Student Employee and Student Employee Supervisor of the year process is now open. Please visit the **SEOTY** and [SESOTY](#) pages to see the full process and submission details. Online submissions for SEOTY and SESOTY are due **March 2nd, 2020**. Please note: there are several changes this year, so please read the full details.

#### **Highlights for 2020 Process:**

- Submissions are done online, and members must be logged in to access the submission page. Any previously used forms, or those received through alternate

means, will not be considered. If you have not renewed your membership, please do so now so you can nominate your students. You can do that [here](#).

- NSEA updated the process and criteria for 2020. It now covers the NACE career readiness competencies.
- SESOTY will be recognizing a winner and two runner-ups instead of state winners. There are no changes to the SEOTY awards.
- SESOTY timeline has moved up and is the same as SEOTY.

Please contact Tricia Stouder at [trew@iastate.edu](mailto:trew@iastate.edu) with any questions. We look forward to hearing about your outstanding student employees and student employee supervisors!

### Volunteers Needed for Reading SEOTY and SESOTY Applications

We need volunteers to help select state winners for the Student Employee and Student Employee Supervisor of the year awards. You will not be asked to read winners from your own state. It isn't a large commitment but does require a fairly quick turnaround. If you interested, please email Tricia Stouder at [trew@iastate.edu](mailto:trew@iastate.edu). This is an easy way to get involved with MASEA and gain some great insight. Thank you for all your help!
